Introduction	1
Frame Profiles	2
Rectangle Frames	3 - 16
8" x 36" Rectangle	3
20" x 36" Rectangle	4
22" x 36" Rectangle	5
8" x 48" Rectangle	6
22" x 48" Rectangle	7
7" x 64" Rectangle	8
14" x 64" Rectangle	9
20" x 64" Rectangle	10
22" x 64" Rectangle	11
8" x 80" Rectangle	12
20" x 80" Rectangle	13
22" x 80" Rectangle	14
7 ½" x 18 ½" Rectangle	15
22" x 14 ½" Rectangle	16
Shaped Frames	17 - 27
7" x 39" Curved	17
8" x 36" Round Top	18
22" x 36" Round Top	19
22" x 36" Camber Top	20
8" x 48" Round Top	21
8" x 48" Camber Top	22
22" x 48" Round Top	23
8" x 64" Round Top	24
22" x 64" Round Top	25
22" x 10" Half Round	26
22" x 10" Camber Top	27
Oval Frames	28 - 32
12" x 34" Oval	28
14" x 37" Oval	29
15" x 39" Oval	30
16" x 40" Oval	31
22" x 55" Oval	32
Craftsman Frames	33
25" x 15" Craftsman	33

Why Choose Us?

We have succeeded by having the latest tools, equipment and the most knowledgeable and experienced staff. We are always ready to provide great service whether assisting in quoting, sales, manufacturing specifications, etc.

Engineered, Not Designed!

We invested years developing a consistently highly rated frame. The results confirmed, we engineer all our frames to uniform specifications, something simply unique to us.

Our Door Lite Frames are industry standard sizes and thickness that will fit almost any door on the market. Our frame profiles are the same for matching doors to sidelights.

Consistent placement of screw holes on every frame for the most secure fit. Screw boss ribs adds strength eliminating frame breakage. One screw type securely fastens the frames together. Screw hole plugs are self aligning and match door lite frames perfectly.

Caulking grooves are engineered for maximum weatherproofing and cleanliness. Door lite frames will not break or crack when subjected to harsh weather.

All door lite frames are uniformly textured just like fine hardwood.

Door Lite Profiles

High Quality Plastic Door Lite Frames For Any Door!

Frame Sizes

Our Door Lite Frames meet or exceed industry standards

Glass Thickness

Frames are available in 1", 1/2", 1/8" glass thickness

Weatherproof

Engineered for maximum weatherproofing

Materials

Made from Polypropylene, PC/ABS or engineered resins to meet industry or customer demands

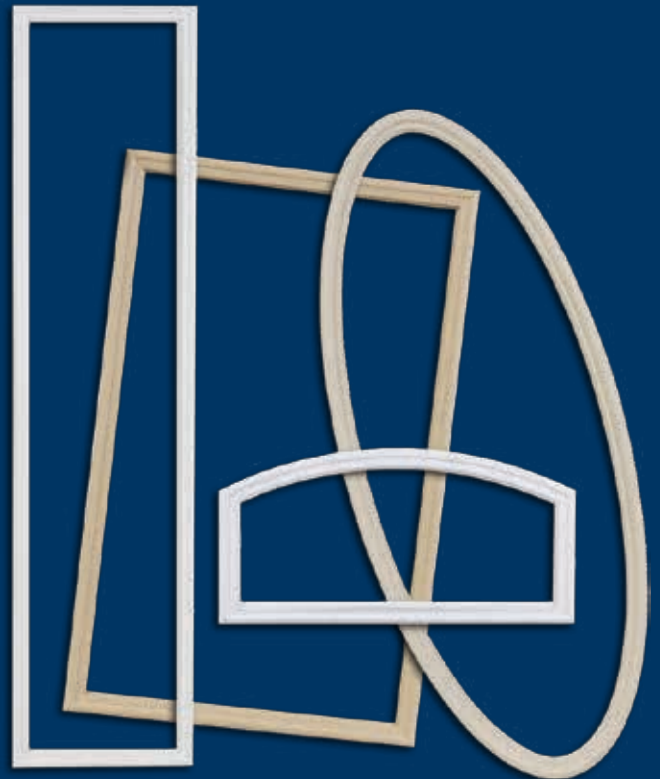

Colors

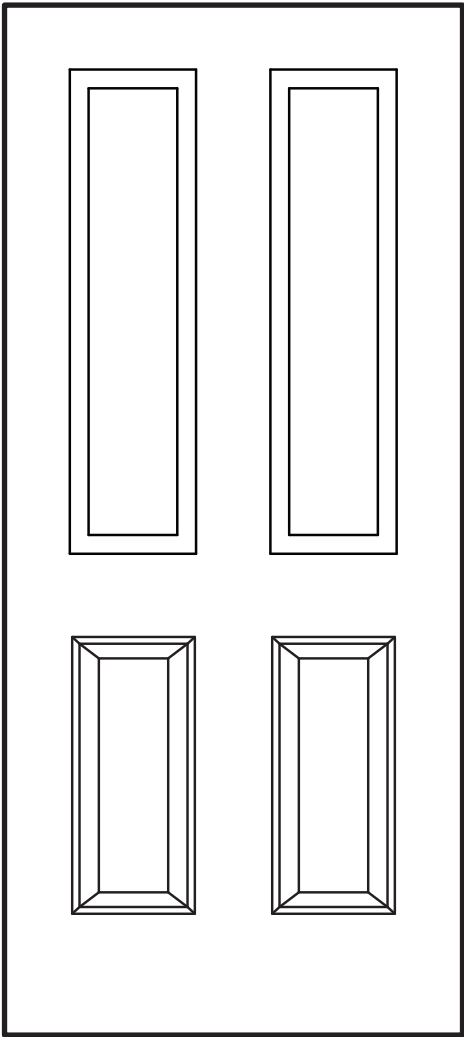

Colors available in white and tan
We can also color match to any customer's needs

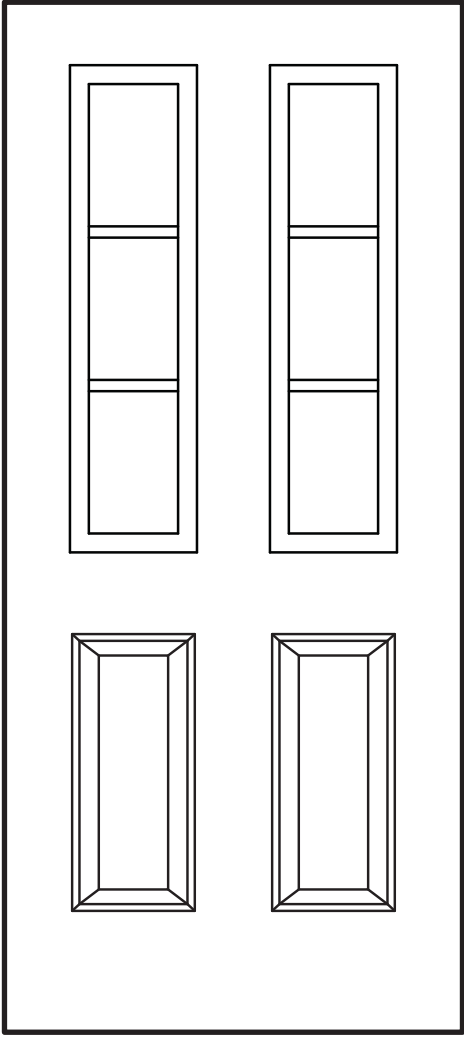

Texture

Frames are uniformly textured just like fine hardwood
